THE MEETING POINT OF INDUSTRY

InterDye & Textile Printing Eurasia

As the meeting point of the Textile Chemicals and Printing Technologies sector, the 7th International Dyestuff, Pigments, Textile Chemicals, Digital Textile Printing, Dyeing and Technologies Exhibition – InterDye & Textile Printing Eurasia will reopen its doors on 25–27 November 2026 at the Istanbul Expo Center. Bringing together all stakeholders of the sector under one roof, the event is preparing to unite both local and international professionals in Istanbul.

InterDye & Textile Printing Eurasia continues to serve as an important platform for strengthening innovation in textile finishing, dyeing, and printing across the Eurasian region, bringing together the industry's leading brands, and deepening business collaborations between companies. In 2026, the exhibition will once again create opportunities for new business partnerships, help companies strengthen their existing connections,

WHY SHOULD YOU PARTICIPATE?

- Gain the opportunity to meet face-to-face with companies directly related to your sector and establish new business connections.
- Promote your company in domestic and international markets and reach more potential customers by benefiting from marketing activities carried out before, during, and after the exhibition.

- Showcase your product categories and solutions to stay one step ahead of your competitors.
- Increase your brand awareness in both national and international markets.

- Create new commercial sales opportunities.
- Respond to order inquiries effectively.
