7th International Pharmaceutical Ingredients, Raw Materials and Technologies Exhibition

Pharmaist will host industry professionals at Istanbul Expo Center between 09-11 June 2027. The exhibition, which is the meeting point of domestic and foreign industry professionals where the latest products and technologies will be exhibited, offers a unique opportunity to meet the industry's demands in the raw materials and technology sectors.

The global pharmaceutical industry, which is one of the most important sub-branches of the chemical industry and has been experiencing rapid global growth, continues its development in terms of production capacity and technology in Turkey. The pharmaceutical industry, which directly affects human health within the scope of life sciences, has a strategic position in the world with its high R&D infrastructure.

Colocated:  

WHY EXHIBIT?

- Take advantage of marketing efforts before, during, and after the fair to promote your company and reach more potential customers.
- Get a chance to meet industry professionals who are directly your target market.
- Step ahead of your competitors by displaying your products and solutions.
- Strengthen your market presence and brand awareness.
- Receive new orders.

EXHIBITOR VIEWS

EKİN GÜLBÜKEN

Vice Chairman of the Board and
Business Development Manager
Jiva

It was an exhibition that definitely met our expectations. We reached a point where we couldn't lift our heads until the last minutes of the exhibition. This is why this exhibition became so valuable for us. I mean, when you go to a customer visit, you have short meetings and you can't introduce your entire product portfolio. Here we introduced all our catalogs, they also understood the products they didn't know we had. So it was really very valuable for us. We also had visitors from all over the world. We had visitors from Ukraine, Azerbaijan, India, and China. We had visitors from Korea. There were visitors from Germany. We had one customer from Canada. A friend of mine with connections from America came to visit us. So actually we had visitors from all over the world. I hope we can continue this and show ourselves even more.

SULTAN ERGÜN

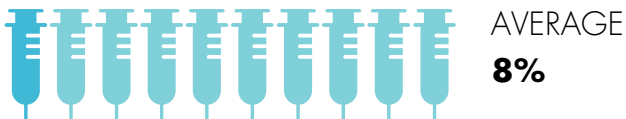

Sales Manager / **Barentz**

Pharmaist and the concurrently organized Cosmetics & Home Care Ingredients exhibitions are among the leading trade exhibitions we participate in within Turkey. We consistently take part in these events with two separate booths, representing our pharmaceutical division as well as our food chemicals division and cosmetics ingredients. I have no doubt that we will continue to participate with great enthusiasm in 2027 as well.

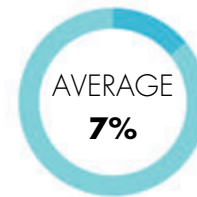

2025 STATISTICS

- How would you rate the quality of the visitor profile at the event?

- How effective do you think the contacts you made during the exhibition have been?

- Do you plan to re-exhibit in 2027 again?

YES
